(Apogee Corporation Environmental Impact Statement)

ENVIRONMENTAL IMPACT POLICY STATEMENT

Apogee is a full ISO14001 accredited company. We recognize environmental conservation as the most important mission of every good corporate citizen and we regard it as an integral element in our business activities. We assume responsibility for environmental conservation and approach it on a company wide basis.

All our operations are conducted with full consideration to the impact that they may have on the environment, and we are committed to eradicating or minimizing the impacts. We annually review this policy and our actions with a view to continuous improvement in our environmental activities. Through our commitment to continual improvement, our environmental management system establishes a desire to prevent pollution and we set objectives and targets to measure our performance.

Our environmental objectives include:

- Facilitating the recovery and recycling of toner cartridges.
- Waste reduction.
- Energy Consumption.

To achieve this, the senior management of Apogee Corporation Limited is committed to:

- Maintain our environmental Management system with allocated roles and responsibilities as required by the system.
- Provide sufficient resources to achieve our objectives and targets.
- Assessing our activities, products and operations at permanent office and project locations to identify the significant environmental aspects and impacts associated with those activities, products and operations.
- Compliance with existing relevant environmental legislation and our client's specific environmental requirements.
- Compliance with appropriate industry standards and codes of practice.
- Monitoring our performance against environmental objectives and targets.
- Providing employees with appropriate training, information and awareness on environmental issues relevant to our activities.
- Use best practice means to reduce significant emissions and noise.
- Improving our management of waste.
- Recycling of all paper based packaging.

- Improving equipment / vehicle energy consumption and reducing pollution.
- Avoid spillages and ground / water contamination by good working practices.

The employees of Apogee Corporation Limited share a commitment to:

- Work in accordance to the intent and practices contained in the environmental management system.
- Report and communicate any incidents or ideas which may assist the management to review the process to facilitate improvements in our policy performance.
- Ensure that all contractors and third parties comply with the spirit and intent of our procedures

The success of this policy will come from the individual and combined efforts of the Apogee Corporation team to ensure its effective implementation in all areas of our business.
