

# Digital Printing and Reprographics

We have our own in-house team of fully qualified engineers who work around the clock to provide true 24/7 outsource capabilities.

Technology and expertise to accurately and securely produce over 300 million mono and 65 million colour pages per year.

We deliver varied and challenging digital document services at short notice to meet complex or large volume business requirements.

Apogee's on-demand, fast turnaround, outsource service is backed by our leading quality management standards, certified to ISO 9001, ISO 14001 and ISO 27001.

Apogee have invested over £2 million into our outsource print infrastructure in order to deliver an unrivalled range of electronic document printing possibilities. We are brand agnostic, selecting the best in class technology to fulfil challenging and varied digital printing requirements.

We have huge capacity (over 300 million mono and 65 million colour pages per year) to produce accurate, secure and quality document reproduction.

Apogee understand the unique requirements of sensitive, fragile and oversized documents, where confidentiality and security are key. We embrace these important features and ensure accuracy and quality throughout document reproduction.

Our hallmark is our ability to deliver high-priority jobs, to demanding specifications, while consistently meeting quality and delivery deadlines.

## Additional Benefits

- ▲ True 24/7 outsource digital print and reprographics.
- ▲ Production staff are also fully trained engineers and can maintain devices they use, day in day out.
- ▲ In excess of £250,000 of parts and consumables to maintain device uptime.
